lowest, 1%; closing, 1%. Most of the day's loans were made at 1% per cent.

Time money was still freely offered, and at attractive figures, but there seemed to be no use for it. Rates were shaded, but those who ordinarily borrow were not induced by these offerings. There seemed to be no business in offices which would result in putting brokers into the market, Rates; Sixty days, 3% per cent; ninety days, 4 per cent; four, five, and six mouths, 45a44% per cent.

Mercantile paper continued to meet with moderate favor, and for the highest grades the city institutions were small buyers. Supply continued large and tions were small buyers.
